

MICK JOINS BLUES

FORMER Chelsea defender Michael Sorenson will be joining Wycombe Wanderers next season. Manager Ted Powell will complete the signing this week but is still waiting for three more players to complete his squad.

Sorenson had two years at Chelsea and was a useful member of the reserves, playing over 40 games for them. When he left the professional game he teamed up with Powell at Sutton United where he soon established himself in the back four. Last season he showed his versatility by switching to a midfield role but at Loakes Park he is likely to be used at full back. He is the first Sutton player to join his former manager at Wycombe.

With the season only four weeks away the new manager is still hoping to sign three new players to bolster his midfield and forward departments.

Meanwhile an amendment at Wycombe Wanderers' A.G.M. a fortnight ago has been rescinded. At the meeting an amendment to rule 13, stating that 20 FULL members (formerly 20 members) were entitled to call an extraordinary general meeting of the club, was carried by a majority. However, the amendment was not carried by a two-thirds majority as a large number of members did not vote. Rule 13 will therefore stay the same until next year's A.G.M.
